Study on the Impact of the Single Market on Cohesion: Implications for Cohesion Policy, Growth and Competitiveness
Submitted by LSE Enterprise with consortium partners Vienna University of Economics and Business, University of Helsinki and Centre for Social and Economic Research (CASE)

ESPON Report: ULYSSES

- Using applied research results from ESPON as a yardstick for cross-border spatial development planning -

- the new European tool of the EGTC is broadly tested and adopted within the ULYSSES regions
- this tool can be regarded as one of the success stories of cross-border governance, complementing the hitherto developed multiple forms on a bi- and multi-lateral level

ESPON – Draft Final Report ULYSSES, 2012
